

CURRICULUM VITAE

Philip R. Zelazo, Ph.D.

DATE & PLACE OF BIRTH: October 3, 1940; Ludlow, Massachusetts, U.S.A.

CITIZENSHIP: United States

LANDED IMMIGRANT: Canada

MASSACHUSETTS STATE LICENSE IN PSYCHOLOGY NO.: 1303; LICD Psychologist Provider

QUEBEC LICENSE IN PSYCHOLOGY NO.: O3736-84

EDUCATION:

B.A.	Psychology, 1962, American International College
M.S.	Experimental Psychology, North Carolina State University
Ph.D.	Developmental and Social Psychology, October 1967, University of Waterloo, Waterloo, Ontario, Canada
Post-Doctoral Fellow	Developmental Psychology, 1969-1970, Harvard University
D.Sc. (Hon)	American International College, 1992

GENERAL AREAS OF INTEREST:

Basic and Applied Developmental and Pediatric Psychology

RESEARCH AREAS:

Basic and applied questions concerning perceptual-cognitive, social and motor development in infancy. The creation of information processing procedures to assess intellectual development among infants and toddlers; the creation of treatment procedures to overcome expressive delays in development particularly with Pervasive Developmental Disorder and Autism.

TEACHING AREAS:

1. Infant Behavior;
2. Developmental Psychology;
3. Early Cognitive Development;
4. Clinical Assessment and Treatment of Infants and Toddlers.

CLINICAL AREAS:

1. Alternative cognitive assessment of infant-toddler development.
2. Cognitive-behavioral treatment to overcome developmental delays.

DISTINCTIONS & AWARDS:

Oral History Project, Society for Research in Child Development:

Featuring contributions to Early Motor Development Research:

- Interview by Thomas Dalton, Boston (Mass., USA), March 30, 2007, Annual SRCD Meeting.

Featuring contributions to Neonatal Auditory Information Processing:

- Interview by Darwin Muir, Queen's University, Kingston, (ON, Canada), March 5, 2007.

1992 Elected Fellow: American Association for the Advancement of Science
1990-1991 Montreal Children's Hospital Managerial Excellence Award
1988-1989 Montreal Children's Hospital Managerial Excellence Award
1984 Elected Fellow: Academy of Behavioral Medicine Research (USA)
1984 Elected: Who's Who in Frontier Science and Technology
1969-1971 Traveling Fellowship; Ontario Mental Health Foundation; Amount: \$17,000.
1966-1967 Ontario Predoctoral Fellowship; Ontario Mental Health Foundation; Amount: \$3,600

CLINICAL, TEACHING, AND RESEARCH EXPERIENCE:

May/2002-Present Montreal Autism Centre, Director.
Aug/2002-Present McGill University, Adjunct Professor of Psychology. Teaching: Infant Competence and training Ph.D. students.
1984-Aug/2002 McGill University, Professor of Psychology. Teaching: Infant Competence and training Ph.D. students.
1984-May/2002 Montreal Children's Hospital, Head, Department of Psychology.
Oct/1990-May/2002 McGill University, Associate Professor of Pediatrics.
Jun/2001-Present Concordia University, Member, Center for Research in Human Development, Atypical processes of development and developmental psychopathology Axis, Department of Psychology.
1991-Present Concordia University, Department of Psychology, Clinical Consultant.
Oct/1990-May/1991 Learning Center of Quebec, Acting Director of Professional Services.
1982-1984 New England Medical Center Hospital and Tufts University School of Medicine, Department of Pediatrics, Director and Associate Professor: Center for Infant-Toddler Development
1974-1982 Tufts-New England Medical Center and Tufts University School of Medicine, Department of Pediatrics, Co-Director and Associate Professor: Center for Behavioral Pediatrics and Infant Development (infant-toddler diagnostic and research unit).
1970-1974 Harvard University, Research Associate & Lecturer Teaching: Graduate Infancy Seminar (Competence in Infancy), Graduate Seminar and Junior Tutorial (Social Development).
1969-1970 Harvard University: Research Fellow in Developmental Psychology, Professor Jerome Kagan.
1970-1971 Clark University: Part-time Lecturer: Child Development, Graduate School of Education.

1967-1971 Queen's University: Assistant Professor Teaching: Introductory Psychology and Experimental Child Psychology: Theory and Research. On leave of absence: 1969-1971.

Summer 1965 American International College: Instructor. Teaching: Introductory Statistics and Introductory Psychology.

1963-1965 North Carolina State University: Research: Verbal learning, perceptual learning in children, perception of distance and size in adults. Head Resident Counselor.

1962-1963 Turner Falls Junior High School, Montague, Mass. Mathematics Instructor.

COMMITTEES (MCH, MUHC, McGill University):

- MUHC Strategic Planning Committee for Mental Health (McGill Department of Psychology Representative).
- MCH Search Committees for Professional Head of the Developmental-Behavioral Pediatric Service.

CONSULTING POSITIONS:

Feb/2001-Present Bancroft NeuroHealth Professional Advisory Board. The Institute for Professional Development and Research.

Oct 15-18/2003 Review, visit, & report on the Queen's University Graduate Department of Psychology. Consultant for the Ontario Council on Graduate Studies.

Mar/1998-Feb/2001 Professional Advisory Board, Bancroft Health, Haddonfield, N.J.

1997 Special Consultant for Canadian Television Program: Real Families, produced by Michael J. Weiss, Ph.D.

1992 (May) Consultant, Department of Neonatology, Children's Hospital, Wash., D.C. "Prevention of early conduct disorders in minority boys".

1991-Present Clinical Consultant, Department of Psychology, Concordia University.

1988-1991 Consultant, NICHD SBIR grant. Kinematic analysis of pediatric movement disorders. R. Maulucci, Ph.D. and E. Leonard, Ph.D., Barrow Neurological Institute, Phoenix, Ariz.

1989-1991 Consultant to March of Dimes\Birth Defects Foundation Grant. Kinematics of reaching in normal and cerebral palsied children. E. Leonard, Ph.D. and R. Maulucci, Ph.D., Barrow Neurological Institute, Phoenix, Arizona.

1986 (Jan) Member site visit team, Maternal and Child Health Committee, National Institute of Child Health and Human Development.

1985 (Dec) Reviewer and panel member, NICHD "Development of Newborn Procedures to Predict Later Mental Ability".

1984 (Aug) National Institute of Child Health and Human Development Panel on "Identification of Infants at Greatest Risk for Mental Retardation and Developmental Disabilities", Section on Mental Retardation, Bethesda, Maryland.

1981-1984 National Science Foundation, Neural and Behavioral Sciences

1979-1980 Social and Developmental Psychology Panel Member

1981-1985 Consultant and Member of the Professional Advisory Committee, Child Health Services, Developmental Disabilities Grant, Manchester, N.H.

- 1980 American Speech-Language-Hearing Association. Member of a panel developing protocols for screening and assessment of speech and language in pre-school children.
- 1979-1980 BEH sponsored Institute for Developmental Disabilities, University of North Carolina.
- 1976-1981 Reviewer and Panel Member, Field Initiated Research Grants and BEH Institute Panel, Bureau of Education for the Handicapped, Office of Education, Washington, D.C.
- 1978-1980 ABT Associates; 55 Wheeler Street, Cambridge, MA.
- 1970-1976 Parent-Child Development Center; 410 South 13 Street, Birmingham, Alabama
- 1972-1974 Referee: Research grants and awards, Canada Council, Ottawa, Ontario
- 1970-1974 Referee: Research grants and awards, Ontario Mental Health Foundation, Toronto, Ontario
- 1970-1973 Instituto de Nutricion de Centro America y Panama, Growth and Development Unit, Officiana Sanitaria Panamericana, Carretera Rosevelt Zona II, Guatemala City, Guatemala, Central America

PROFESSIONAL ASSOCIATIONS:

Program Reviewer:

- Society for Research in Child Development Biennial Meeting, April 2001.
- Motor Development Section, International Conference on Infant Studies, June 1994, Paris, France.

Program Organizer:

- Children's Section, International Conference on Rehabilitation, Budapest, Hungary, September 1994.

Fellow:

- American Association for the Advancement of Science (1992).
- American Psychological Association,
 - Division 1 (The Society for General Psychology) (2002)
 - Division 7 (Developmental Psychology) (1987)
 - Division 37 (Child, Youth and Family Services) (1987)
- Academy of Behavioral Medicine Research (1984).
- American Psychological Society (1989).
- American Association of Applied and Preventive Psychology.

Member:

- Society for Research in Child Development
- Canadian Psychological Association
- International Society for Infant Studies

Program Chair:

- Seventh Biennial International Conference on Infant Studies, Montreal, 1990.

Ex-Officio Executive Board Member:

- International Society for Infant Studies: 1988-1991.

Executive Board Member-at-Large:

- ICIS, 1991-1993.

Executive Committee Member-at Large:

- American Psychological Association Division 7, Developmental Psychology (1993-1996).

Div. 7 Representative to APA Science Directorate.

Editorial Board Member:

- 1998-Present: Child Development
- 1986-2001: Developmental Review
- 1983-1985: Journal of Applied Developmental Psychology
- 1980-1982: Infant Behavior and Development

GRANTS

Submitted November 15, 2003

Title: Project Ice Storm: Effects of prenatal stress on the incidence of Autism.

Amount: \$49, 920.

Agency: Canadian Psychiatric Research Foundation.

Principal Investigator: S. King and Co-Investigators: D. Kinney, P.R. Zelazo and D. Laplante

GRANTS OBTAINED:

October 1, 2005 – September 30, 2010 (5 years)

Title: Food for Thought: Care-giving determinants of infant memory.

Amount: \$95,648 (per year) for 5 years

Agency: Canadian Institutes of Health Research (CIHR)

Principal Investigator: R. Barr and Co-Investigators: S. Young, P.R. Zelazo, and Brant, R.F.

April 1, 2004 – March 31, 2010 (6 years)

Title: Centre for Research in Human Development (Regroupement Stratégique).

Amount: \$276,461

Agency: Fond Québécois de la Recherche sur la Société et la Culture (FQRSC)

Principal Investigator: L. Serbin and Co-Investigators: P.R. Zelazo, et al.

April 1, 2001 - March 31, 2006 (5 years)

Title: Feeding enhancement of memory in normal human newborns.

Amount: \$79, 109 (per year) for 5 years.

Agency: Canadian Institutes for Health Research.

Principal Investigator: R. Barr and Co-Investigators: S. Young and P.R. Zelazo

May 22, 2001 - May 21, 2002

Title: Assessment of infants and toddlers with delayed development.

Amount: \$5,000.

Agency: May Appeal: Montreal Children's Hospital Foundation.

Principal Investigators: D. Stack and P.R. Zelazo.

May 22, 2001 – May 21, 2002

Title: Treatment of expressive language delay in autistic toddlers.

Amount: \$35,000.

Agency: May Appeal: Montreal Children's Hospital Foundation.

Principal Investigators: P.R. Zelazo, and J. Burack.

June and July, 2001

Title: Developmental-behavioral therapy for young children with autism.

Amount: \$869.75

Agency: Summer Career Placements: Human Resources Development Canada

Principal Investigator: P.R. Zelazo

Recipient: Nicholas Hall.

April 5, 2000 - March, 2001.

Title: Treatment of expressive language delay in autistic toddlers.

Amount: \$30,000.

Agency: May Appeal: Montreal Children's Hospital Foundation.

Principal Investigators: P.R. Zelazo and J. Burack

April 5, 2000 - March, 2001.

Title: Assessment of infants and toddlers with delayed development.

Amount: \$6,000.

Agency: May Appeal: Montreal Children's Hospital Foundation.

Principal Investigators: D. Stack and P.R. Zelazo.

May 1999-August 1999

Title: Assessment and treatment of autism in toddlers.

Amount: \$1,190.00

Agency: Summer Career Placements: Human Resources Development Canada

Principal Investigator: P.R. Zelazo.

May 1998-August 1998

Title: Fetal cocaine exposure and information processing,

Amount: \$1,190.00

Agency: Summer Career Placements - Human Resources Development Canada

Principal Investigator: P.R. Zelazo.

May 1997 - April 1998

Title: Treatment of toddlers with PDD and autism.

Agency: Unique Lives & Experiences Fund, Montreal Children's Hospital Foundation

Amount: \$34,000

Principal Investigator: P.R. Zelazo.

May 1997-August 1997

Title: Fetal cocaine exposure and neonatal information processing.

Amount: \$1, 190.00

Agency: Summer Career Placements: Human Resources Development Canada

Principal Investigator: P.R. Zelazo

October 1996 - September 1999.

Title: Regulation of behavior in infants: Nutrients, pain response, distress and memory.

Amount: \$129,194.00

Agency: Medical Research Council of Canada

Principal Investigators: R. Barr, S. Young and P. Zelazo

January 1996 - January 1998

Title: Treatment and assessment of developmentally delayed toddlers.

Amount: \$49,500

Agency: Gustav Levinschi Foundation

Principal Investigator: P.R. Zelazo

July 1, 1995 - June 30, 1996

Title: Facteurs de risque chez le nourrisson et le jeune enfant.

Amount: \$20,000

Agency: Fonds de la Recherche en Santé du Québec, Réseau Santé Mentale

Principal Investigators: P.R. Zelazo and P. Robaey

May, 1995 - April, 1999

Title: Neonatal information processing and electrical brain activity.

Amount: \$42,000 (\$10,500 for 4 years, 1995-1999)

Agency: Natural Sciences and Engineering Research Council of Canada

Principal Investigators: P. R. Zelazo and P. Robaey

July 1, 1994 - June 30, 1995

Title: Facteurs de risque chez le nourrisson et le jeune enfant.

Amount: \$10,000 (Dossier: 941383.19: Maziade)

Agency: Fonds de la Recherche en Santé du Québec

Réseau Santé Mentale (\$178,000)

Axe Mentale Infantile et Juvenile

Principal Investigators: P. Robaey and P. R. Zelazo

May 1993 - 1995

Title: Newborn screening of Type 1 Diabetes.

Amount: \$60,000

Agency: Fonds de la Recherche en Santé du Québec

Principal Investigators: A. Schiffrin, E. Colle, M. Sufrategui, P.R. Zelazo, A. Ciampi

September 1992 - January 1995

Title: Developmentally delayed children's behavioral and adrenocortical responses to instructional demands.

Amount: \$17,500

Agency: Montreal Children's Hospital Foundation (Private Donor)

Principal Investigator: P.R. Zelazo

September 24, 1992 - September 23, 1994

Title: Central information processing and behavioral treatment procedures for developmentally delayed toddlers.

Amount: \$70,000

Agency: Montreal Children's Hospital Foundation (Private Donor)

Principal Investigator: P. R. Zelazo

May 16, 1994 - August 3, 1994

Title: Fetal cocaine exposure and infant information processing.

Amount: \$3,700

Agency: Employment and Immigration Canada: Challenge Summer Employment Program

Principal Investigator: P.R. Zelazo

November 1992 - May 1994

Amount: \$3,000

Agency: Social Science Grant, McGill University

Principal Investigator: P.R. Zelazo

September 1992 - August 1994

Title: Fetal cocaine exposure and neonatal information processing.

Amount: Year 1, \$3,611; Year 2, \$3,600.

Agency: Stairs Fund, McGill University

Principal Investigator: P. R. Zelazo

May 17-July 23, 1993

Title: Developmentally delayed children's behavioral and adrenocortical responses to instructional demands.

Amount: \$3,600 (approx.)

Agency: Employment and Immigration Canada; Challenge Summer Employment Program (SEED)

Principal Investigator: P.R. Zelazo

May 15- August 31, 1992.

Title: Fetal cocaine exposure and infant information processing.

Amount: \$3, 614 (approx.)

Agency: Employment and Immigration Canada; Challenge Summer Employment Program (SEED)

Principal Investigator: P.R. Zelazo

May 1, 1989 - April 30, 1991.

Title: Assessment of infant-toddler information processing II.

Amount: \$82,000.

Agency: Fonds de la Recherche en Santé du Québec.

Principal Investigator: P. R. Zelazo

May 6, 1991 - August 31, 1991.

Title: Fetal cocaine exposure and infant information processing

Amount: \$3, 406.

Agency: Employment and Immigration Canada; Challenge Summer Employment Program (SEED)

Principal Investigator: P.R. Zelazo

January 1989 - December 1991 (with no-cost extension through 1992)

Title: Psychological, educational and medical assessment of very low birthweight children.

Amount: Year 1: \$49,828; Year 2: \$48,272.

Agency: Sir Mortimer B. Davis Jewish General Hospital Research Institute.

Principal Investigators: Phyllis Zelkowitz, Ph.D. (Michael Weiss, Ph.D.).

Co-P.I's: P.R. Zelazo, Ph.D. and Apostolos Papageorgiou, M.D.

May 1, 1991 - October 31, 1991.

Title: Assessment of infant-toddler information processing.

Amount: \$18,000.

Agency: Montreal Children's Hospital/McGill University Research Institute.

Principal Investigator: P.R. Zelazo

April 1, 1988 - March 31, 1989.

Title: Assessment of infant-toddler information processing II.

Amount: \$25,000 (Can.).

Agency: Montreal Children's Hospital/McGill University Research Institute.

Principal Investigator: P.R. Zelazo

September 30, 1984-August 31, 1987.

Title: Assessment of infant-toddler information processing I.

Amount: \$240, 689 (U.S.) (50% salary support for 3 years).

Agency: National Institute of Child Health and Human Development

Principal Investigator: P.R. Zelazo

July 1, 1984- June 30, 1985.

Title: Assessment of infant-toddler information processing.

Amount: \$35, 000 (Cdn.)

Agency: McGill University/Montreal Children's Hospital Research Institute

Principal Investigator: P.R. Zelazo

January, 1983 - July, 1983

Title: Research and writing on cognitive assessment and education of developmentally delayed infants.

Amount: \$46,000 (U.S.)(100% salary support for 6 mos.)

Agency: Carnegie Corporation of New York

January, 1982 - December, 1982

Title: Research and writing on cognitive assessment and education of developmentally delayed infants.

Amount: \$85, 400 (U.S.) (100% salary support for one year).

Agency: Carnegie Corporation of New York

Principal Investigator: P.R. Zelazo

December, 1981 - December, 1983.

Title: Undergraduate research and clinical experience in applied developmental psychology.

Amount: \$7,524 (U.S.)

Agency: Innovative Educational Funds, Tufts University

Principal Investigator: P.R. Zelazo

August 11, 1980 - July 31, 1981.

Title: A proposal for program support: Center for Behavioral Pediatrics and Infant Development.

Amount: \$10, 000 (U.S.)

Agency: Biomedical Research Support Grant Program, Tufts University.

Principal Investigator: P.R. Zelazo, Ph.D. Co-Principal Investigator: R.B. Kearsley, M.D., Ph.D.

February 1, 1980 - January 31, 1982

Title: The development of visual-auditory procedures and the systematic evaluation of newborns who have experienced fetal distress during labor.

Amount: \$26, 000 (U.S.)

Agency: The National Foundation - March of Dimes

Principal Investigator: Philip R. Zelazo, Ph.D.

February 1, 1978 - January 31, 1980

Title: The development of visual-auditory procedures and the systematic evaluation of newborns who have experienced fetal distress during labor.

Amount: \$39, 000.

Agency: The National Foundation - March of Dimes

Principal Investigator: P.R. Zelazo, Ph.D.;Co-Principal Investigators: R. B. Kearsley, M.D., Ph.D.

February 1, 1980 - January 31, 1982)

W. Singer, M.D.

February 1, 1978 - January 31, 1980)

July 1, 1976 - June 30, 1980.

Title: Cognitive assessment and intervention in developmentally delayed infants

Amount: \$682, 160 (U.S.)(100% salary support for 4 years)

Agency: Bureau of Education for the Handicapped, Office of Education

Principal Investigator: P.R. Zelazo; Co-Principal Investigator: R.B. Kearsley, M.D., Ph.D.

December 9, 1975 - April 9, 1976.

Title A replication design for parent-child development centers.

Amount: \$49,226 (U.S.)

Agency: Office of Child Development, Health Education and Welfare

Principal Investigator: P.R. Zelazo

Title Cognitive assessment and therapeutic intervention in multiply handicapped infants

July 1, 1978 - June 30, 1979

Amount: \$95, 738.69 (U.S.)

July 1, 1977 - June 30, 1978

Amount \$100, 285 (U.S.)

July 1, 1976 - June 30, 1977

Amount: \$101,598 (U.S.)

January 1, 1976 - June 30, 1976

Amount: \$51, 386 (U.S.)

Agency: Department of Public Health - Division of Family Health Services

Principal Investigator: Richard B. Kearsley, M.D., Ph.D.;Co-Principal Investigator: P.R. Zelazo

1973- 1974

Amount: \$500.00 (U.S.)

Agency: Milton Fund, Harvard University

Principal Investigator: Philip R. Zelazo, Ph.D.

1972- 1973

Amount: \$2,000 (U.S.)

Agency: Milton Fund, Harvard University

Principal Investigator: Philip R. Zelazo, Ph.D.

1969-1970

Amount: \$800 (Cdn.)

Agency: Queen's University Interim Research Committee, Kingston, Ontario

Principal Investigator: Philip R. Zelazo, Ph.D.

1968-1970

Amount: \$3,600 (Cdn.)

Agency: National Research Council of Canada; Associate Committee on Experimental Psychology, Ottawa, Ontario

Principal Investigator: Philip R. Zelazo, Ph.D.

CURRENT RESEARCH INTERESTS:

My principal research effort is to continue the development and validation of our visual and auditory information processing procedures as an alternative to conventional tests of intellectual development during the first three years of life. One form of validation led to the identification of children with intact information processing abilities among a sample of children with developmental delays of unknown etiology and to the creation of treatment procedures to eliminate their expressive delays. This research centered on the development of parent-implemented programs to encourage compliant behavior and facilitate the acquisition of expressive language and complex forms of object manipulations. We are now attempting to show that improving behavioral compliance alters emotional development including the child's capacity to tolerate the stresses inherent in task demands. The application of both the assessment and treatment procedures to early autism has become a primary focus. A recent effort to extend the information processing approach "downward" to the neonatal level using habituation and recovery of head-turning to sounds resulted in both basic and applied studies.

A parallel interest has been the investigation of the development of mobility during infancy from a

cognitive-behavioral perspective. A related body of research is directed towards the investigation of the effect of the child's growing cognitive competence on his motor, social, and affective development. One theoretical effort is the attempt to integrate the various forms of research into a view of the infant's developing competence and creation of procedures to assess that competence. Each of these lines of research has implication for procedures used to assess mental development in infants and toddlers - a unifying theme. My interests are focused on the first three years of life, with basic research findings applied to children with a variety of handicapping conditions, particularly early autism.
