# WERA 2018 Call for Submission Extended

## OPEN CALL FOR SUBMISSIONS EXTENDED

**Final Deadline for Submission:**

**30 April 2018**

**23:59 South African Time (GMT +2)**

The 2018 WERA World Congress invites papers, symposia, and posters from submitters drawn to the opportunity to advance knowledge and foster a reimagining of education research with a worldwide perspective at its core.

Around the world, education research across contexts of learning addresses strikingly similar issues and aims to be relevant to policy and practice. Whatever the topic – access and equity, language diversities, STEM learning, teaching effectiveness, Policy impacts, or workforce preparation, to name but a few – common questions and concerns drive inquiry.
