

Journal Apps Announcement

Recently, Wiley has been developing mobile apps for SRCD's journals which are now available for download in the Apple App Store (for now the apps are only available for Apple devices). Each journal (*Child Development*, *Child Development Perspectives*, and *Monographs*) has its own app which includes journal issues and Early View content. Using the apps, SRCD members will be able to quickly and easily access journal content almost anywhere.

In order to download the apps, you can use the following steps:

1. On your iPhone or iPad, go to the App Store
2. Search for "SRCD"
3. Find the journal app you'd like and click "Get" to download the app

4. When you open the app for the first time you will need to use your SRCD login information to gain access to journal content (please note: you MUST be a member of SRCD to gain access to journal content this way):
 - a. On the Get Access screen, click "I already have access"
 - b. Click "Through my society affiliation" on the next screen
 - c. Login with your SRCD username and password. (If you have trouble with your SRCD membership or password info, please email membership@srcd.org. Questions or problems related to the app should be directed to Wiley's help site, <http://journalshelp.wiley.com>.)
