

Celebrating 50 Years of Research Progress at the Eunice Kennedy Shriver National Institute of Child Health and Human Development

A Congressional Reception and Science Exhibition

Sponsored by the Friends of NICHD

In cooperation with:

The Bipartisan Disabilities Caucus

Rep. Gwen Moore, Co-Chair, Congressional Caucus for Women's Issues

**Thursday, July 12th
5:00 p.m. - 7:00 p.m.
Cannon Caucus Room**

For 50 years, NICHD-funded research has improved the lives of women, children and families across the country and the world. We invite you to attend a research exhibition of scientists whose cutting-edge biomedical, behavioral, and social science research seeks to help prevent, diagnose, and treat conditions that impact women's health and child development, including: prematurity, Down Syndrome, autism, preeclampsia, gynecologic health, learning disabilities and academic achievement.

Exhibitors:

American Congress of Obstetricians and Gynecologists
American Economic Association
American Educational Research Association
American Psychological Association
American Society for Reproductive Medicine
American Urogynecologic Society
Association of University Centers on Disabilities
Consortium of Social Science Associations
Eunice Kennedy Shriver Intellectual and Developmental Disabilities Research Centers Association
National Center for Learning Disabilities
Population Association of America/Association of Population Centers
Preeclampsia Foundation
Society for Maternal-Fetal Medicine
Society for Research in Child Development
The Endocrine Society
